TIPSY THE LEPRECHAUN: On a random basis, when Wild symbols are present on the screen and at least 1 of them participates in a winning line, Topsy will show up from behind the reels and will randomly increase the Wilds' multipliers.

MULTIPLIER WILDS: Wild Symbols may have a multiplier number attached to them. When a Wild participates in a winning line, the win gets multiplied by the Wild's multiplier. If more than one Wild with a multiplier participates in a winning line, the win from that line gets multiplied by the sum of their multipliers.

WILD RESPINS: Each time 3 or more Wild symbols appear in Normal Game, a Free Respin is granted and all the Wild symbols that have already landed on the screen stay locked during the respin round. 1 or more new Wild symbols that land during the Free Respin gives an additional Free Respin. Free Respins will continue until the screen gets filled with Wilds or no new Wild symbol lands.

CHEERS BEERS: On a random basis a huge beer mug knocks the reels to the right, and two additional reels appear and spin on the left side of the screen. The two additional reels disappear at the end of the round.

FREE SPINS: 3 Free Spins symbols anywhere on the reels, award the Free Spins bonus. After activation a screen with 3 beer mugs to choose from appears. Each mug awards a different number of Free Spins. Only one beer mug can be picked. 7, 9 or 11 Free Spins can be awarded from the mugs. During Free Spins Wild symbols will stick to the screen and stay there until the end of the bonus round. Sticky Wilds will move to a new random position each spin in Free Spins.
