FEATURES

Full Table

Full Table can be obtained with Plum, Lemon, Cherry or Orange. All corresponding combinations pay. Full Table also activates Extra Win Feature Wheel with up to 20-fold gain.

Extra Win Feature Wheel

At the beginning of the Extra Win feature, a Wheel with 8 segments appears. The segments are two End-segments, four Win-segments, and one 2xWin-segment. In addition, there is an X symbol segment. If a Win-segment or 2xWin-segment is hit, it turns to an End-segment and it will be played in another round. The win of this round will be retrospectively 2x the win of the Full Table win, which triggered the Extra Win Feature. All wins will be added together. If an End-segment is hit or only End-segments are left, the feature game ends. When the X symbol is hit, another Feature Wheel appears with three 3xWin-segments, one 5xWin-segment. If an End-segment is hit in this wheel, you return to the first wheel.
